## Mood in Music - Worksheet

Music is made up of pitch (melodies, tonality), duration (beat, no beat, rhythm), dynamics, timbre, texture, harmony, and form. In this exercise, the students will compare two pieces of music and write about how the elements of music create a mood.

Describe as much as you can.	Toembaii	Mist
Does the piece seem sad or happy? Do you know if it is major or minor?		
Tempo: Is it fast or slow? Does the tempo change? How? Describe it		
Dynamics: Is it loud or soft? Do the dynamics change? How? Describe		
Timbre: What instruments do you hear? Do you hear voices?		
Duration: Is there a steady beat? Describe the rhythms.		
Mood: Describe the mood of the piece
